

Welcome to Restaurant Botanica,

We at Botanica have endeavored to select the finest examples of wines, both accessible and aspirational from the Hunter Valley region and from all over the world for your enjoyment.

As a celebration of our love for the Hunter Valley, we have sourced some of the best examples of this stunning wine making region.

Our wine list takes you on a journey through our favorite vineyards of the Hunter Valley from varying producers large and small; from the iconic to the next generation winemakers, presenting hand-crafted and minimal intervention wines.

We understand that reading a larger wine list can be daunting, so our wine list is arranged from the lightest to the boldest in each category, for the ease in finding a wine to your taste and for educational discovery through the understanding that the expression of varieties are not always the same, and varieties offer diversity in style and structure; influenced by terroir and from the winemaker. Hopefully this will give you the chance to venture off the beaten path and explore some of the other great grape varieties that are familiar to what you know and love.

Alternatively, if you would like us to create a pairing of wines to accompany your dining experience, it would be our pleasure.

Enjoy!

Samuel Steadman

Restaurant Botanica Head Sommelier
